Freedom From Infection Declaration 2010

Mare.....*Foaling / Foal at foot / Barren / Maiden*

Visiting.....**Boarding at**.....

Foal details (if applicable) DOB..... Sex/colour: Sire

[] **The Passport must accompany the mare on every occasion she visits the stallion.**

I hereby declare that to the best of my knowledge the above mentioned resident mare is not suffering from any contagious disease likely to be a risk to the stallion at the stud

No EHV-1 virus abortions, cases of Strangles, stillbirths or relevant contagious diseases (e.g. EVA, EIA, CEM, Influenza, Salmonellosis etc) have occurred within the last six weeks, nor are any such cases currently under investigation other than those who have received total clearance from the appropriate authorities.

Signed..... Name.....

Position..... On behalf of.....

Date.....

Any additional information about the visiting mare.....

If mare is in foal, or with a foal at foot, is she fully vaccinated against:
Equine Herpes Virus – 1..... Rotavirus.....

All Mares

- [] Attached one Clitoral Swab result taken after 1st January 2010 on.....
- [] Attached one Endometrial Swab result taken on.....
- [] Attached one Negative EVA blood test result taken after 1st January 2010 on.....
- [] Attached one Negative EIA blood test result taken on.....

Please note that all mares will be wormed on arrival at the Stud.

Mares originating from outside the UK and Ireland, will negative EVA and EIA blood tests as detailed below. All mares should be placed in quarantine on arrival until satisfactory post import results have been obtained.

Date of arrival in Mainland UK.....Country of Origin.....

- [] Attached FIRST Negative EVA blood test result taken no more than 28 days prior to arrival in UK taken on
- [] Attached SECOND Negative EVA blood test result taken immediately on arrival in UK taken on.....
- [] Attached THIRD Negative EVA blood test result taken a minimum of 14 days after arrival in UK taken on.....
- [] Attached FIRST Negative EIA blood test result taken no more than 14 days prior to arrival in UK taken on
- [] Attached SECOND Negative EIA blood test result taken a minimum of 14 days after arrival in UK taken on
- [] Attached further Negative EIA blood test result taken within 21 days prior to covering taken on (if required)

(Any mare arriving from ITALY with a foal at foot will require a blood test for EIA to be taken from the foal a minimum of 14 days after arrival in this country)

Copies of international travel documents should accompany the mare when visiting the stallion stud. Please refer to the HBLB Code of Practice 2010 for further details.

This declaration must accompany the mare at the time of EACH INDIVIDUAL COVERING or PREFERABLY be faxed or posted to the Stud Office before the mare arrives.

(Check List of forms & certificates required overleaf)
